

Press Release of January 2010

axica Catering – Preferred partner in “the MOSKAU”

Prior to the imminent official opening of “The Moskau”, the axica Catering Team will be celebrating its premiere in the kitchens. The Moskau was a building of considerable prestige in the German Democratic Republic and has recently undergone an extensive renovation allowing it to re-take its position in Berlin as one of the most sought after locations. The axica catering team, officially appointed as preferred partner in the venue, makes its debut in the kitchens on the occasion of Satis&Fy’s, Berlin’s leading technical AV provider, “wave rider” party. Although as preferred partner this promises to be the first of many such appearances for the axica catering team in the Karl-Marx-Allee.

The axica catering crew can draw on a wealth of experience gained in hosting conferences, product presentations and award ceremonies held at their own location on Pariser Platz as well as from wide a range of other events held in a variety of unusual locations around the city over the last five years.

The axica team will of course be providing the catering in The Moskau prepared to meet its own very demanding standards of style and taste. Whatever the occasion the axica catering team can be relied upon to give the event a certain unique character. The first priority of any event is to encourage positive human interaction. Well prepared, presented and tasty food can go a long way to achieving this goal and producing creative highlights using simple yet effective means is the essence of the axica style.
